Garlando
Leader in pool and football tables

1

1. telescopic bars - 2. going-through bars 3. with levellers fully down - 4. with levellers fully up

2

The first outdoor home line Garlando football table with a top glass. Balls remain inside the playfield area and cannot be lost or stolen if the table is available to a wide public, matches are quieter.

Cabinet manufactured in 25 mm thick water-proof plywood covered with plastic laminate using a special water-proof glue for perfect sealing. Aluminium edges. Colour: blue with silver logo.

Unbreakable mopen players moulded onto the bars. Colour: red/blue.

Non-rotating goalkeeper (180 degrees) or rotating goalkeeper (360 degrees) on choice.

Bolts, nuts and screws with tropical anti-rust treatment.

3

Squared 9 x 9 cm legs in metal covered with silver water-proof washable powder-varnish (fig.1).

Levellers enable a perfectly flat playing field on uneven floors.

Playfield in water-resistant plywood covered with plastic laminate using a special water-proof glue for perfect sealing. White lines silkscreen-printed with special water-proof inks: they do not fade under the sun and are not damaged by humidity (fig.3).

The cabinet is fully covered by a tempered glass, which reduces the noise of the game and makes any game preventing the balls from coming out (fig.4).

4

2,2mm thick high stress resistance steel bars coated with anti-rust chromium-plating. On request 2,2mm thick telescopic safety bars to ensure the greatest safety. (fig.2).

Non-rotating goalkeeper (180 degrees) or rotating goalkeeper (360 degrees) on choice.

Nylon bushes with stainless steel ball bearings: they do not rust and allow high speed action, smoother play and reduced wear and tear.

Balls are introduced into the playing field manually through a conveyor (metal in silver colour) placed on the cabinet side.

Plastic handles with ergonomic grip.

10 white Standard balls supplied.

Protection cover included.
